At Acuminous Software, we believe that people are the most valuable asset for any company. Being a successfully running company for the last 8+ years, we have the ability to groom raw individuals in the minimum possible time by giving them opportunities to work with experienced and skilled professionals on big, complex projects. We aim to provide the best holistic training - technical and soft, thereby creating competent resources who take a company forward quickly.

Benefits for the candidates availing paid trainings

- All selected candidates get to work on Live projects.
- They get to work in a professionally run environment.
- All candidates who complete the training shall be given certificate / experience letter.
- The candidates get to avail facilities meant for permanent employees.
- Flexible timings

Acuminous Paid Trainings Proposal

- The selected candidates shall be trained on technologies (as per their area of preference) like Dot Net, PHP, Wordpress or Software Testing, etc for a duration of 6 months.
- After 6 months, there will be a review of performance. If the performance is as per defined parameters of the company, we will either absorb them in-house or facilitate job in another company.
- Post 6 months, if the resource does not show effective performance, they have the choice of continuing the paid training for another 3-6 months or can opt out.
